All of our pottery is thrown by hand on a potter's wheel and fired to cone 9 - more than 2300 degrees F. - in a gas-fired kiln. We use stoneware clay because of its durable characteristics and warm color.

We produce functional, practical and traditional shapes and strive to make each pot as useful as it is beautiful. Of course, our pottery is completely lead-free, oven and microwave proof and dishwasher safe.

Our decoration is kept to a minimum with a variety of strongly geometric but understated patterns to enhance the shape of the pot.

Saltbox Pottery has all the benefits of modern technology while evoking a simpler time.

Welcome to Saltbox Pottery. I began making pottery on the wheel at the age of 14. Over thirty years later, it is still my passion. Since opening the studio, my main goal has been to create functional pottery which relies on basic form and shape for its beauty, reminiscent of pottery from the past. So... take a few minutes to browse.

# General Information

- ♦ All Saltbox pottery is ovenproof, microwavable, dishwasher safe, and of course, 100% lead free.
- ♦ Ask us about candles, shades for the lamps, whisks, soaps and other accessories to complete your order.
- ♦ Any of our pieces can be ordered in any pattern or glaze. Ask about our new glazes, too!
- ♦ Because all the pieces are handmade, all heights and volumes are approximate.
- ♦ We make other items not represented here. Some of these include; salad and bread bowls, pie plates, honey pots, casserole dishes, dinner plates, teapots and hurricane candles to name a few...
- ♦ Bridal Registries are available and accessed through a secure website or over the phone. Give us a call for more information.
- ♦ **Shipping Charges:** Orders of \$100 or less will be charged 22% shipping with a \$8 minimum charge. For any order \$100 to \$399, the rate is 15%. Over \$400, the rate is 10%. There may be an additional charge for smaller orders shipped west of the Mississippi. Please call for more information
